Management Dashboard

A supervisory report summarizing the number of active students in a school. This helps the school to define and measure what we call the “Bathtub” level. The level is the number of active students - minus the graduates and LOA + the new starts.

This one helps to manage enrolled students for billing, and monthly number of new starts, grads, drops and leaves. The “Quick Link” for new starts, provides a detailed report listing all the new starts for the month.
